SHAPING THE FUTURE OF GLOBAL LGBTQ WORKPLACE INCLUSION

ABOUT US

Out & Equal is the only organization focused exclusively on equality in the workplace for lesbian, gay, bisexual, transgender, and queer employees.

We are the go-to resource for learning about trends and getting updates on how companies and government agencies are increasingly paying attention to these issues as a way of attracting and retaining the best employees, valuing greater diversity, and adhering to legal requirements.

We partner with Fortune 1000 companies and government agencies to provide executive leadership development, comprehensive training and consulting, and opportunities for unparalleled networking across leading industries.

MESSAGE FROM THE CEO

In 2002 I attended my first Workplace Summit. It had such a profound impact on me. The feeling of belonging was immeasurable. Now in our 22nd year as an organization, we continue to lead the way in bringing together LGBTQ employees, Human Resource and Diversity & Inclusion professionals, Employee Resource Group leaders, executives and allies.

Along with our valued corporate partners we share the common goal of creating safe and equitable work environments for LGBTQ employees across the globe.

A partnership with Out & Equal demonstrates to your employees that you are dedicated to ending discrimination against historically under-represented Lesbian, Gay, Bisexual, Transgender and Queer individuals in the workplace, ensuring that clear career paths and equal opportunities are available to everyone.

Yours in equality,

Erin Uritus, CEO, Out & Equal
